# Rules to Remember

- Games are 15 vs. 15.
- 10 balls are in play.
- Each game is 50 minutes, divided into two halves.
- Eliminating the opponent gets your team a point. Most points after 50 minutes wins.
- Get hit and you're out.
- Catching a ball gets the thrower out and brings a teammate back in the game.
- Balls can be used for blocking thrown balls.
- If you block and lose possession, you must recover or you're out.
- One point of contact must be kept inbounds at all times.
- One ball must be thrown every 15 seconds per team.
- If a ball bounces off you and a teammate catches it, the thrower isn't out.
